

## **Fixed Income Credit Analyst**

**Salary:** Open

**Type:** Full Time

Chartwell Investment Partners, a \$4.7 billion investment management company located in Berwyn, PA is looking for a Fixed Income Credit Analyst with 3-5 years of experience in analyzing corporate credit – both high grade corporate and leveraged finance.

### **Requirements:**

The position requires strong fundamental credit analysis, financial modeling, relative value idea generation and portfolio construction recommendations. The candidate should have a good working knowledge of both the high grade and leveraged finance credit markets as approximately 25% of their time will be spent on high grade and 75% on their time on high yield. The ideal candidate will have strong analytical and computer skills and a finance or accounting background. The candidate should be able to step into a small team and make contributions immediately.

Preferred Education: Masters

Certifications: CFA Charter Holder
